Continuing our Mission to ensure that people with developmental disabilities are valued and respected in order that they and their families can participate fully in and contribute to their community.

The Arc of Calhoun County— and I think any organization with a mission to fight for human rights—exists for times like these. Times defined by crisis and great need. Now, however, is not the time to take our eyes off the prize. The economic fallout from this pandemic will challenge The Arc to be even more innovative, to work even harder. And we will, with your help. Members and stakeholders such as yourself made all of our accomplishments of the past year possible. You continued support will enable The Arc of Calhoun County to continue building the world we all deserve.

—Michael McCullough— Board President
